Navigation information:

Up-to-date navigation announcements - [link](#)

Please be informed that RZGW in Szczecin, together with RZGW in Wrocław and the German administration, is **starting to reduce the navigational markings on the border section of the Oder River (from km 542.4 mouth of the Nysa Łużycka river to km 704.1 Widuchowa) as of December 4, 2023**. As a result of the reduction of the navigational markings **from December 5, 2023, the navigational markings on the border section of the Oder River (from km 542.4 to km 704.1) do not meet the requirements for night-time navigation**. For details, please refer to Notices to Skippers No. [36/2023](#).

Please be informed that in connection with the winter season when ice phenomena are expected to occur, the waterway administration **closed the navigation signs on Lake Dąbie and Gartz-Marwice Cannal as of 30 November 2023**. For details, please refer to Notice to Skippers No. [35/2023](#).

We would like to inform you that the waterway administration **resumed soundings I, II, III and IVa of the operational section of the Oder River** from km 542.4 to km 677.2. The publication of the updated transit depths will take place on **November 14, 2023**. For details, please refer to Notices to Skippers No. [30/2023](#).

We would like to inform you that due to bomb disposal works in the area of Skońnica Schwedt at km 3.4 (mouth of the Oder River) and on the Oder River from km 696.8 to km 697.1, shipping traffic may be impeded from October 9, 2023 to February 29, 2024. Short-term closures of the shipping lane are possible. For details, please refer to Notices to Skippers No. [29/2023](#).

We would like to inform you that due to works on the pillar of the railway bridge in Kostrzyn nad Odrą at km 615.10 of the Oder River from 07 February 2023 to 31 December 2023 (with possible delays) traffic obstructions may occur. The route will be marked according to the applicable navigational regulations. Please exercise particular caution while in the above area.

We would like to inform you that due to works at the newly constructed railway bridge at km 733.7 of the Regalica river, there may be obstructions to shipping - **narrowing of the navigable lane - from August 31, 2023 until further notice**. For details, please refer to Notice to Skippers No. [28/2023](#).

We would like to inform you about the changed organisation of traffic under the railway bridge at km 733.7 of the Regalica River from March 27, 2023. The traffic will take place between the spans of the bridge indicated in the Notice to Skippers No. [10/2023](#). **Shipping under the bridge's drawbridge is prohibited**. Vessels wishing to pass through the indicated area are requested to report their intention on VHF channel 10. Please also read the Notice to Skippers No. [09/2022](#) informing about the difficulties related to construction works in the period from February 22, 2022 until further notice. Please be advised **that from June 3, 2023**, as a result of the ongoing construction works connected with the sliding of the steel structure of the railway bridge at km 733.7 of the Regalica River, **there will be a reduction in the clearance height above the water table - 6.20 m to High Navigable Water**. For details, please refer to Notices to Skippers No. [19/2023](#).

Please be advised that diving works will be taking place at km 615.11 of the Oder River from 9 November 2022 until further notice. Navigation difficulties may occur. The route will be marked according to the applicable navigational regulations. Please exercise particular caution while in the above area.

We would like to inform you that due to the removal of hazardous materials on the Schwedt canal between km 0.5 and 3.4, from 20 October 2022 to 31 December 2026, traffic obstructions may occur. For the duration of the works, it will be possible to pass through the Schwedt canal. Please pay particular attention to the displayed navigational markings.

We would like to inform you that in connection with the commencement of modernization works of hydrotechnical structures (spurs) on the river Odra at km: **581,0 – 585,7, 604,0 – 605,0, 612,7 – 614,8, 645,5 – 663,0** until further notice, temporary navigation markings will be displayed.
