### **Notice to Skippers no. 19/2023**

Pursuant to Art. 14 sec. 1(4) of the Act of July 20, 2017 – Water Law (Journal of Laws of 2022, item 1549) and Article 43 (6) of the Act of December 21, 2000 on inland navigation (Journal of Laws of 2022, item 1097) The Regional Water Management Board in Szczecin, in agreement with the Office of Inland Navigation in Szczecin, informs that **from June 3, 2023**, as a result of the construction works carried out in connection with the sliding of the steel structure of the railway bridge at km 733.7 of the Regalica River, there will be a reduction in the clearance height above the water table - **6.20 m to High Navigable Water**.

In addition to the displayed navigational signage with the C.2 symbol with a value of 6.20, reflective materials will be placed on the aerial transmission line along with radar screens. At the same time, we would like to inform you that shipping traffic will continue to use the western span in accordance with the displayed navigational signage.
