## Notice to Skippers No. 36/2021

Pursuant to Art. 43 point 6 of the Act of 21 December 2000 on inland navigation (Dz. U. /Journal of Laws/ of 2020, item 1863.), the "Polish Waters" National Water Holding – Regional Water Management Board in Szczecin, in agreement with the Office of Inland Navigation in Szczecin, hereby informs that due to the reconstruction of the railway bridge at km 733.7 of the Regalica River, there will be a temporary change in the organisation of the navigational traffic in the period from 6 September 2021 until further notice. The traffic will follow the pattern below:

The middle navigation span will be closed and traffic will only pass under the drawbridge span.

The navigation organisation change will be marked as shown in the attached illustrations. Due to ongoing construction works, please exercise extreme caution while in this area.

At the same time, we would like to inform you that passing under the lowered drawbridge span is permitted up to an indicated clearance above the HNWL.

Furthermore, we would like to remind you that the vessels operating during ice formation and navigation closures should proceed to the nearest port or another safe place outside the riverbed and the vessels ready for navigation should not depart. Also, hydro contractors on the water should stop working if flooding occurs.

**Magdalena Sztukiel**  
**Deputy Director**  
**for Flood and Drought Protection**

*For more information concerning navigational conditions, please contact the Operational Centre from Monday to Friday, between 7:00 a.m. – 3:00 p.m. (phone: 91 44 11 257), or visit the website: <https://szczecin.wody.gov.pl/komunikaty-nawigacyjne>*
