

SZ.RPC.5032.24.2021.ŁZ

Notice to Skippers no 22/2021

Pursuant to Article 43 sec. 6 of the Act of 21 December 2000 on inland navigation (Journal of Laws of 2020, item 1863), the "Polish Waters" National Water Holding, Regional Water Management Board in Szczecin, in connection with a notification received from Zakład Linii Kolejowych w Szczecinie, would like to inform you that there has been a failure of the system for opening the span of the railway drawbridge located at km 733.7 of the Regalica River.

Therefore, we would like to announce that the emergency opening of the drawbridge span to allow inland waterway vessels to pass will take place on the night of 29 and 30 June 2021 at 02:00 – 03:00. You can contact the drawbridge staff at 600 084 835.

During the repair, the fixed span of the bridge will be in operation, with two-way shipping traffic allowed. The vertical clearance under the fixed span of the railway bridge at km 733.7 of the Regalica River is 2.96 m above HNWL (highest navigable water level), which is 610 cm according to Szczecin – Podjuchy water level gauge (km 734.0 of the Regalica River).

An alternative waterway to bypass the railroad bridge is the West Oder River, which runs parallel to the Regalica River. The vertical clearance under the lowest bridge on the West Oder River is 3.78 m above HNWL (590 cm according to the Most Długi water level gauge).

Magdalena Sztukiel
Z-ca Dyrektora
PGW WP RZGW Szczecin

For detailed information about shipping conditions, please contact the Unit from Monday to Friday at 7:00 - 15:00 +48 (91) 44 11 257 or read the news published on the website:
